The background of the slide features a serene landscape. In the foreground, there is a dense field of green plants with small yellow flowers. In the middle ground, several wind turbines are visible against a soft, hazy sky. The sun is setting on the right side of the image, creating a warm, golden glow that transitions into a light blue at the top.

Social Studies Grade 4

Outcome 4:

Students will examine the relationship between humans and the physical environment

Competencies 4-6 Citizenship:

Participate in activities that promote environmental sustainability and begin to understand the impacts

Science Grade 4

Outcome 2: Students will investigate the interrelatedness among animals, plants, and the environment in local habitats

Outcome 2 Concepts: Human choices and actions impact the environment, with a focus on Aboriginal perspective of interrelatedness
